SOUTH TRIMBLE

Nominated for the Third Time in Ashland District.

The result of the action of the Congressional Convention, which met in Lexington on the 12th inst., has already been announced in the Democrat.

It was from the beginning to its close one of the most harmonious conventions ever held in the State, and, so far as we have heard an expression of opinion, the selection of Mr. Trimble as the Democratic candidate meets with the cordial approval of the whole district.

In defeating the strong combination against him Mr. Trimble has certainly made the most phenomenal race of his strenuous political career. In every contest he has made he has encountered strong opposition, but he has always won. Arranged against him have been the shrewdest political leaders in the district, yet all their efforts to defeat him have been unavailing. He has won again because he is the choice of the people and because he deserves to win. When Mr. Kimball, in the convention, stated that Mr. Trimble was the choice of the people and the most popular man in the District, every one who heard him knew that what he said was true; and being true, in failing to nominate him, the Convention would have failed to carry out the will of the people.

Mr. Trimble is a farmer, a young man in the prime and vigor of life. His political career has been brief but eventful, and somehow or other he has a personal following of staunch friends who have stood by him most loyally. As an illustration of his great personal popularity, in the mass meeting at Owenton to appoint delegates to the District Convention, of the fifteen hundred stalwart Democrats assembled, although Mr. Douglass, of Owen county, was a candidate for the nomination, when a division was called for the entire fifteen hundred Democrats ranged themselves in favor of Mr. Trimble. Such an exhibition of popularity is without a parallel in the politics of the State.

Mr. Trimble is always in touch with and very close to the people. He has been tried and has not been found wanting. In the supreme struggle in Kentucky in 1900 he was the Speaker of the House of Representatives, a position of grave responsibility and danger. An armed soldiery barred the entrance to the State Capitol, and the Legislature was chased through the streets of Frankfort by a partisan State Guard.

It was a time of supreme peril to the liberties of the people of the State—a time that tried men's courage. If Mr. Trimble had failed then, Kentucky today would in all probability have been under the domination of the worst element in the Republican party. Our people were on the very verge of civil war. South Trimble was in the forefront, and he discharged his duty bravely. That Kentucky today is under Democratic rule, and enjoys peace, prosperity and domestic tranquility, and that all the calamities of civil war were averted are as much due to Mr. Trimble as to any man in the State. He occupied the post of danger; he received his baptism of fire; and the Democracy now stand by him because he was true and brave in such a perilous time.

Mr. Trimble is a plain, blunt man of the people; but he is a most effective public speaker. Other men may be more eloquent and learned and gifted, but Mr. Trimble knows how to deal stalwart blows, and whenever he speaks always has something of interest to say, and arouses his audience to the highest enthusiasm.

During the last three and a half years Mr. Trimble has represented this district in Congress. He has been a faithful representative.

Belonging to the minority in the House of Representatives, he has, of course, been powerless in shaping legislation. He has done, however, what he could. He has been attentive to the interests of his constituents, as much so as any one who has represented this district. His efforts in behalf of the great tobacco interest of the State, and his bill in reference to pure seed, are measures in which the people of this district are most deeply and vitally interested, and his persistent efforts in favor of these important interests can not fail to be productive of good.

Nominated for a third term, we are confident Mr. Trimble can be of more service to this district than an untried and inexperienced representative, and we are sure that the interests of our people can be safely intrusted to him. —Paris Democrat.

RESOLUTIONS.

At a meeting of the Magoffin county Bar, held in the court house at Salyersville, Ky., on the 17th day of May, 1904, D. W. Gardner was called to the chair, and D. G. Sublett was elected Secretary.

Whereupon the following resolutions, introduced by T. J. Arnett and favorably advocated by D. D. Sublett and F. E. Fogg, were unanimously adopted:

Resolved, That we, the members of the Magoffin county Bar, regret that our relations with the Hon. Robert Riddell, as members of his bar at this place, are to be discontinued, and without disrespect to the gentleman, whoever he may be, that will hereafter preside over this court, we deprecate the necessity of surrendering a Judge who had proven himself entirely satisfactory to the people of this county.

Resolved, That as members of his Bar we take this occasion to testify to the uniform fairness, courtesy and consideration we have all received at his hands and to assure him of our hearty good will and sincere esteem, and the clerk of this court is requested to spread these resolutions on the order book of his court, and to furnish Judge Riddell a copy of same.

Resolved, That the Salyersville News, Jackson Hustler, Estill County Herald, Mt. Sterling Advocate, and other papers of the Tenth Congressional District, are requested to publish the proceedings of this meeting.

Thereupon the meeting adjourned.

D. W. GARDNER, Ch'm.
D. G. SUBLETT, Sec'y.

THE HERALD.

SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.

THURSDAY, : June 2, : 1904.

Our Candidate for President,

WM. RANDOLPH HEARST,
OF NEW YORK.

The remarkable race that Hon. Frank Hopkins made the last time he was sent to congress, in which he won by the largest majority ever accorded any man from the Tenth, should not cause any Democrat to feel too sanguine in the coming struggle. The Republicans are notorious for "still hunts," and try always to slip up on Democrats taking a snooze. It is important, therefore, that every Democrat entitled to suffrage should go to the polls and cast his vote on election day. Mr. Hopkins has made this district a magnificent representative, considering that he belongs to the minority forces, and he should be endorsed by a majority as great, if not greater, than the one by which he went in the first time. Don't, Democrats, go to sleep and let the opposition slip up on you in the least. Keep your eyes and ears open and when the day comes be on hand to do your duty.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all Druggists.

JUDGE FINLEY E. FOGG, of West Liberty, was shaking hands with friends here Monday. He is prominently mentioned as a delegate to the St. Louis convention from this district, and when we say that he would fill the place as though "tailor made" for it we only voice the opinion of all who know him. He is a pleasant talker, and interesting orator and well up on the issues of the day. Should he be chosen, therefore, the Democrats of this district may feel that he will do the best for their interests, as he sees the situation. Our friend, Breck Hill, is also a candidate for delegate, but as we have always understood it, he wants to go as a delegate at large, one who can browse over the district, as it were—a kind of free lance.

Every Movement Hurts

When you have rheumatism. Muscles are stiff and sore and joints are painful. Hood's Sarsaparilla goes right to the spot in this disease, neutralizes the acidity of the blood and radically cures. Accept no substitute.

HON. F. A. HOPKINS.

Present Representative in Congress, and Democratic nominee to succeed himself. His record for the first term should enable him to win by a larger majority than before. Democrats, let us make it so.

KENTUCKY DAY, JUNE 15.

The Old Commonwealth Promises to Set a New Standard for World's Fair Days.

The Kentucky Commission for the Louisiana Purchase Exposition has decided to postpone Kentucky Day from June 2nd to June 15th, and active preparations to make the day one memorable in the history of the St. Louis World's Fair are now on. No printed invitations are to be sent into Kentucky. Every Kentuckian from no matter what walk of life is cordially invited to be present. The Kentucky Press Association will hold its annual meeting on Kentucky Day at the Kentucky Building on the Exposition Grounds. This organization will meet first in Louisville on June 13th, leaving that night for the World's Fair City on a special train furnished by the Henderson Route. On Tuesday, which is June 14th, the editors will do a little sight seeing and in the afternoon be entertained at the Woman's Magazine Building outside the grounds. On that night they will see "The Pike."

While the programme for Kentucky Day is not complete, enough is known to announce that it will be full of interesting events. The Kentucky Building is to wear a gala attire and brass band music from the outside and a string orchestra from the inside will give to the "New Kentucky Home" an attractive tone. The editors will hold an informal session at 10 o'clock in the morning, followed by a tour of the grounds on automobiles and on the Intramural System, winding up at one o'clock with a luncheon probably at the east pavilion, which is being conducted by Mrs. Rorer, the famous cook-book woman. At 2 o'clock the regular Kentucky Day exercises will begin in Festival Hall, consisting of addresses by prominent Kentuckians and ex-Kentuckians. After the ceremonies a recital on the big pipe organ will take place. At night in the Kentucky Building there will be a reception from 8 to 11 o'clock. The invited guests outside of Kentucky will include the Exposition's social list, the Kentucky Society of St. Louis and the delegates to the National T. P. A. Convention. On Thursday morning the Kentucky Commission will hold a business session and on Thursday evening the Kentucky Society of St. Louis will entertain in the Kentucky Building in honor of the commission.

Driven To Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c. at all Druggists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The primary entertainment by the children of Hazel Green Academy on Monday night was one of the most enjoyable features of the commencement exercises, and every one who witnessed will bear us out in the assertion that no where can be produced any brighter little girls and boys than those who participated on the occasion named. As each and every one acquitted she or himself with honor we refrain from special mention of any one in particular. The piano solos, duets, trios, etc., interspersed throughout the entertainment were of a very high class and the tableau well arraigned.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all Druggists. Trial bottles free, regular sizes 50c, and \$1.00.

The attention of our readers who contemplate attending the World's Fair is called to the advertisement of the "World's Fair Short Line," Southern Railway. Just now the round trip rate from Lexington to St. Louis and return is only \$8.70, and you go through without change. This is undoubtedly the best route to take, and the Lexington agent, T. W. Krews, is the most polite, painstaking passenger promoter that ever came down the pike. Write to him for particulars.

Old Granny Parks, who lives on the Ed Little farm above Daysboro, is perhaps the oldest woman in Wolfe county, if not in the Red River valley. She was 99 years of age on the 13th day of last March, is still active on her feet, and handles her carding combs to make rolls.

Bruce Trimble, of the Mt. Sterling Advocate, was here this week looking after delinquents, etc.

Rev. Mr. Garrison, of Richmond, delivered the baccalaureate sermon Sunday, and all who heard it pronounce it a masterly effort.

The ice cream supper for the benefit of the Methodist Church brought the sum of \$22.65, but of this amount the cost of ice, etc., must be deducted, which leaves about \$15 net. However, it will pay the debt contemplated.

The declamatory contest for young ladies at the academy Tuesday night was won by Miss Susie Long, with Mollie Oney a very close second. Indeed many thought she was entitled to the medal. The other three young ladies, Misses Del Cravens, Ada Spencer and Rena Anderson, acquitted themselves splendidly.

Robert M. Trimble, member of the wholesale grocery firm of Trimble Bros., is seriously ill at his home in Mt. Sterling, suffering from collapse caused by the strain of overwork. Paralysis is feared, and his condition causes his family and friends much concern. Mr. Trimble is widely known over the State, and an excellent citizen.

Dr. Bakes will next week start for St. Louis as the special representative of THE HERALD at the World's Fair, and for him we bespeak the courtesies usually extended the press gang by pencil pushers he may meet. He contemplates a stay of two weeks, perhaps, and may be gone longer.

Hazel Green, always in advance of other towns for the beauty of its girls, has this week been filled with a supply from other mountain towns, and we venture that during the time there has been more beauty here than in any town in the bluegrass of equal population. We don't mean, of course, the kind that is artificial, but beauty unadorned.

That Throbbing Headache

Grading was begun at Cannel City on the new railroad May 6th, running from that point to West Liberty. The new road will be known as the Cannel City West Liberty road and will connect with the Ohio and Kentucky railroad. The new road is being built for the purpose of further developing the coal fields of Morgan county, and is being financed by C. A. Smith, father of the celebrated W. B. Smith, known as the "boy banker."

The "Cosmopolitan" announces a series of articles on the great industries of the United States. This is a subject that must naturally arouse the widest interest. The June issue contains the first—"Glass Making," by William R. Stewart. The illustrations, which are numerous, give an excellent idea of the various stages of glass manufacture. If the rest of the series is as good as the first article, it will have a decided educational value.

The declamatory contest at the academy on Saturday evening last was won by James T. Jones, of Daysboro. As far as we have been able to judge from expressions by the people Grover Sebastian, of the same place, was a close second. But all the five young men engaged acquitted themselves well, and demonstrated that they are orators of the future. The other three were Robt. I. Cord, of this place, Lenox Swango, of Maytown, and Bedford Bowman, of Athol, Breathitt county.

Will Perry and Mrs. Lula Pieratt started Sunday evening from Hazel Green to Ezel in one buggy, accompanied by Berry Pieratt and little Valentine Pieratt in another and when below Hazel Green on the State road the storm came up, the wind blowing like a hurricane. One buggy had passed a certain point when a tree blew down and fell across the road just before the other buggy reached the place. The occupants of the two buggies were so scared that, rather than risk going further, they returned to town. It was a narrow escape.

Dragging Pains

2825 Keeley St.,
CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maudie Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

WINE OF CARDUI

UNCLE SAM'S WONDERS

All Executive Departments Send Treasures to the World's Fair.

Display Installed in the Largest Governmental Exposition Building Ever Constructed — Precious Documents — Relics of Famous Statesmen and Soldiers. Working Postal Exhibit.

The United States Government building at the World's Fair occupies an elevated site just south of the main picture of the Exposition. The great central dome of the Government building is visible from the very center of the Fair, looking across the picturesque sunken garden that lies between the Palaces of Mines and Metallurgy and Liberal Arts.

The hill slope in front of the Government building is terraced with broad stairways almost completely covering the slope. The building is 800 feet long by 250 feet wide and is the largest structure ever provided at an exposition by the federal government. It is distinguished from all the other large buildings at the Exposition by the steel truss construction, the entire roof being supported by steel arches, forming a splendid domed ceiling.

In this building are installed the exhibits of all the executive departments of the government. The building is a vast storehouse of an endless variety of treasures dear to the heart of every true American. Precious documents are to be seen here, and the autographs of our great men of the past are on display. Relics of famous statesmen and soldiers, carefully preserved through generations, are exhibited. Each governmental department has installed an exhibit showing its official character and mode of operation.

Entering the Government building from the eastern end, the visitor sees at his left a railroad postoffice car. This is not a mere coach standing idle,

LOUISIANA PURCHASE MONUMENT, WORLD'S FAIR.

but is one of the most improved mail cars, in which men attached to the United States railway mail service are actively engaged in "throwing" the mails. Here you will see the postal clerks at work, just as they work while speeding along a railroad track.

A curious collection of old time relics from the postoffice museum at Washington illustrates as no verbal description can do the crude beginnings of the postal system. One of these relics is an old fashioned stagecoach that once carried United States mails through a portion of the Louisiana purchase territory. President Roosevelt, who once inspected it, examined with a rough rider's interest the bullet holes which stage robbers and mountain brigands shot through its stiff leathern curtains. Generals Sherman and Sheridan and President Garfield rode in this old coach during the strenuous days of frontier life. Among the collection of documents showing the primitive postal methods in vogue in the early days is to be seen the old book of accounts kept by the first postmaster general, Benjamin Franklin, all written by hand. There is a rare collection of stamps, including ancient Filipino, Porto Rican and Cuban stamps. The postoffice department's exhibit occupies 12,469 square feet.

Across the aisle, at the right, is the exhibit of the new Department of Commerce and Labor, occupying 1,906 square feet. This exhibit shows what the new executive department stands for and what it is accomplishing. Mr. Carroll D. Wright, United States Commissioner of Labor, had charge of the preparation of the exhibit. Charts arranged by him, showing the rapid growth of the nation in agriculture, arts, manufacture, population, etc., are of special interest to sociologists and all students of the labor problem. The Census Bureau exhibit is made in this section. It shows the tabulating machines used in compiling the census reports. The Lighthouse Board, also operating under this department, shows the great revolving lenses in light-houses, with other interesting appliances.

The space in the projecting north-west corner of the building is devoted to the Library of Congress. The office which houses this library at Washington is held by many architects to be the most beautiful building in the world. Its interior decorations, by Elmer Ellsworth Garney, furnish one of the chief delights of a visit to the national capital. A large model of this splendid building is a feature of the exhibit. The decorative features of the interior are reproduced in their original colors.

The next exhibit on the right hand side of the central aisle is that of the Interior Department, occupying 11,792 square feet. In this large space the visitor finds so many things of compelling interest that he is loath to leave. The Patent Office exhibit belongs to this section. There are models of many machines that have borne an important part in the development of the nation's industries. The earliest form of every device of human invention, so far as possible, is shown here. For instance, you may see the actual sewing machine that was the first contrivance of its kind every constructed; it was patented in 1846 by Elias Howe. The first typewriter, patented by C. Thurber in 1842; the model of the first cast iron plow, patented by Charles Newbold in 1797; the first screw propeller, invented by Robert Hook in 1680; and many other "first" things are to be seen. The model of Abraham Lincoln's celebrated device for lifting steamboats off shoals is shown here. The first harvesting machine, made in the year 1850 B. C., is one of the most ancient exhibits at the Exposition. There is also a model of the first steam engine, made in Egypt in the same year.

Every foot of the 200,000 feet of floor space in Uncle Sam's World's Fair building is occupied by exhibits of surpassing interest, and every phase of the people's welfare is shown.

False Theory of Suicide.

Obediah Roberts, a distiller living a few miles down the river, has had living with him as a member of his household for some time a young man by the name of Curt Robinson. Young Robinson last Sunday was sent to a neighbor's house on an errand, but never returned. The story goes that he was found the next morning in the neighbor's house dead. As soon as the discovery was made the Coroner was notified, who summoned a jury and an inquest was held. The verdict of the jury was to the effect that Robinson came to his death by his own hand. This is not believed by some, and it is asserted that the grand jury will be asked to make an investigation. The refusal to accept the version of suicide is based on the fact that Robinson's clothing was not powder-burned at the point of the bullet's contact with the body, which was over the region of the heart.

Eye Cut By Wire.

Dan H. Center, a ten-year-old boy, was brought to the Good Samaritan Hospital yesterday suffering from an accident which it is feared will cost him his left eye. The boy was brought by his father, Dr. G. M. Center, of Hazel Green, and they arrived on the 8:10 L. & E. train. The boy was taken to an eye specialist, who recommended that he be taken to the hospital where proper care could be taken of him.

The young fellow was fixing a weight on a gate when he met with the accident Thursday. He had rigged up a wire, on which he had some weights, to the gate and to a post. The idea was to automatically close the gate. As he was driving the staple into the post, the weights pulled the wire loose, and it struck the boy in the eye, cutting it. For three days the eye did not improve, and as inflammation had set in, and the eye seemed to be in a dangerous condition. Dr. Center brought the boy here. While the physician in attendance thinks the eye can be saved, it is said to be dangerously hurt.

LEE CITY LOCALS.

Lee City was full of people today attending the funeral of D. B. Stamper. There was 369 counted at the grave yard, and his grave was well decorated. Brother Hunter gave a fine sermon. It was well appreciated by the congregation. He was a brother in the Junior Order, U. A. M.

John T. Graham and wife and J. R. Terrill and wife left Lee City enroute to Hollie to decorate their baby's grave and to mourn loved ones that are gone before and in the arms of our Lord and Savior Jesus Christ, where narrow is the path and few there be that find it.

A. M. Miller from Simpson is visiting his many friends at Lee City this week.

PENNIE.

Somebody got into Jim Cecil's soda pop refrigerator on Tuesday night and stole 18 bottles. He recovered 16 of the empty bottles yesterday morning.

Mrs. Dora Swango, of West Liberty, accompanied by her brother, Boone Lacy, visited here this week, the guests of John Rose and wife.

The Ball Game.

There being a great many people in town yesterday the Hazel Green base ball team telegraphed the Jackson nine to come down for a play. The latter got together a scrap team from Jackson, Stanton and Clay City and arrived here by 2:30. As soon as the visiting team had a lunch at the Day House all repaired to the campus and the game was called.

The home team was also something of a scrap team in that it was supplemented by Capt. Busse-barger, of K. U., Prof. McDiarmid, of Morehead, Sam Russell, etc.

The visitors were very badly beaten, as the following score will show, but it is due them to say they had had no practice for a year, whereas our boys had played a few exercise games, we believe. John Mayne traveling for the Ball Warfield drug company, umpired the game. The score follows:

Will Start a Paper.

Prof. E. W. McDiarmid, who was formerly assistant teacher at Hazel Green Academy, was here this week taking in the commencement and renewing his acquaintance. He is now connected with the Morehead school, and recently became again the proprietor of the printing office at that place, which he proposes to improve and again issue a paper. The Mountaineer went out of existence last week. It seems like we heard it said here in Hazel Green that the Mountaineer would bury THE HERALD, but the "dear old" has written the obituary of some forty since its birth.

NATURE'S WAY

NATURE purifies the atmosphere and renders our surroundings habitable by sending the lightning and the rain. We, too, should purify our bodies, if health is to be restored or maintained. When the bowels do not move regularly, your liver is out of order, and you cannot be well. The food lies undigested on the stomach, generating foul gases that poison the blood, and frequently induces chronic ailments and long years of suffering. If troubled with constipation, take PANTHER NUBIAN TEA—the certain cure for all bowel troubles, biliousness, vertigo, bad breath, coated tongue, sour taste in mouth, insomnia, mental torpor, indigestion, headache, belching up of foul gases, distention of the abdomen, and all other distressing symptoms of Dyspepsia. A pure and healthful vegetable compound—the only remedy that positively cures Constipation and restores every organ of the body to vigorous and healthy action. All druggists sell it, or we send it prepaid, by mail; 25c. a package, 5 packages, \$1.00. Sample and booklet free to any address.
